

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

\* \* \* \* \*

In the Matter of:

AN ADJUSTMENT OF ELECTRIC RATES )  
OF THE UNION LIGHT, HEAT AND ) CASE NO. 9299  
POWER COMPANY )

O R D E R

IT IS ORDERED that Union Light, Heat & Power Company ("ULH&P") shall file an original and 12 copies of the following information with the Commission by December 6, 1985, with a copy to all parties of record. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets is required for an item, each sheet should be appropriately indexed; for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the witness who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to insure that it is legible. Where information requested herein has been provided along with the original application, in the format requested herein, reference may be made to the specific location of said information in responding to this information request.

1. Furnish a map of the ULH&P service area showing the 69 KV transmission and/or other transmission voltage system, or

systems, which are owned by ULH&P and used to serve its customers. Do not show distribution voltage systems, such as 7.2 KV/12.470. Show all interconnections of these systems with CG&E and/or other electric utility systems. Where the interconnection is made between systems at different voltages show the transformer capacity rating at the point of interconnection.

2. Furnish load flow diagrams and/or studies which show the contributions made to the ULH&P and transmission and distribution system by the new 168 MVA transformer at the Buffington substation.

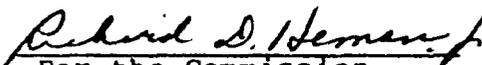

3. Did ULH&P request a certificate of convenience and necessity to install the 168 MV transformer, if so identify case number, if not explain why not.

4. Reconcile total fuel cost of \$38,249,583 in Rehearing Application, Appendix C; page 1 of 2, to the Per Book Purchase Power-Energy cost of \$50,230,842 per Lonneman testimony Exhibit 4, page 4 of 10.

5. Explain why company usage is included in your proposed fuel cost adjustment in Rehearing Application, Appendix C, page 1 of 2.

Done at Frankfort, Kentucky, this 27th day of November, 1985.
